THE BASICS OF ACHIEVING A BETTER LIFE EXPERIENCE (ABLE)

NATIONAL RESOURCE CENTER
ACHIEVING A BETTER LIFE EXPERIENCE ACT

ABLE is a Tool to Obtain Financial Independence

- The Achieving a Better Life Experience (ABLE) Act allows millions of people with disabilities the chance to save and invest money without paying taxes on investment earnings.
- Account owners who receive needs-based benefits can save more than the savings limit (usually \$2000) and still get benefits if they need them.
- The savings can be spent on things that help the person stay healthy, independent and have a good life. This includes basic needs like food and housing.
- Anyone can deposit money in the account up to \$18,000 each year. Employed account owners can contribute more.

Why Save in an ABLER Account? (Slide 1 of 3)

Up to \$100,000 in savings is disregarded as a resource and will **NOT** affect Supplemental Security Income (SSI).

Any amount of ABLER savings up to the plan limit, currently between \$235,000 - \$596,925 depending on the plan, will **NOT** affect eligibility for:

- Free Application for Federal Student Aid (FAFSA),
- Housing Assistance - Housing and Urban Development programs (HUD),
- Supplemental Nutrition and Assistance Program (SNAP),
- Social Security and Disability Insurance (SSDI), or
- Medicare (Entitlement to Parts A, B, C, or D)
- Medicaid benefits including Medicaid Waiver Services and Medicare Savings Programs.

ABLE account tax advantages:

- Many plans have a variety of investment options offered for funds in an ABLE account. **ABLE investment growth is tax-free;**
- Direct contributions into an ABLE account from family, friends, a Special Needs or Pooled Trust or a 529 College Savings Plan rollover, do not count as income by federally funded means-tested benefit programs (unlike many other types of accounts).

There are Extra Costs when Living with a Disability

- Households with a working age adult require, on average, 29% more income a year to obtain the same standard of living as a comparable household without a member with a disability;
- ABLER account savings can help cover many of these extra costs.

Who is ABLE Eligible?

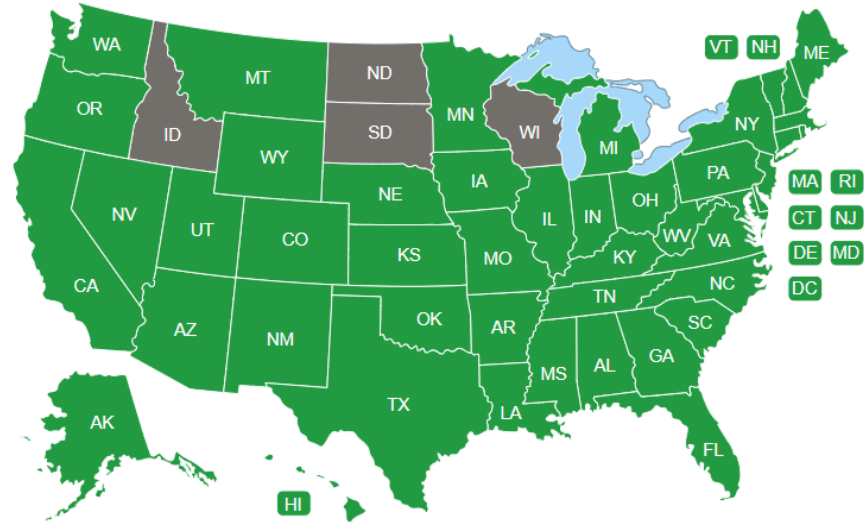

- A person who has received Supplemental Security Income (SSI) and/or Social Security Disability Insurance (SSDI) since before age 26*
- A person who has a disability that began before age 26 but has not received SSI or SSDI may ask their doctor to sign a [disability certification](#) indicating that their disability began before age 26 and results in severe functional limitations.
- A person who works and no longer receives SSI and/or SSDI but still has a disability continues to be ABLE eligible if their disability began before age 26.
- A person can open an ABLE account at any age.

*Note that age of eligibility is changing to before the age of 46 on 1/1/2026

Where are State ABLÉ Programs?

- There are 46 state ABLÉ programs, plus D.C. from which to choose.
- If you are ABLÉ eligible, you can open one ABLÉ account with an ABLÉ program; many accept out of state residents.
- [ABLÉ Program Comparison Tools](#)

How Do I Open and Manage an ABLE Account?

- Most ABLE accounts are opened online; you can contact specific ABLE plans for alternatives if needed.
- Once the account is open, the account owner – the person with a severe disability - can choose to allow others to access various levels of information about the account and/or to take specified actions on the account.

- Friends
- Family
- Special Needs / Pooled Trust
- 529 College Savings Account rollover
- Employer

Additional Contributions

Put ABLE to Work for you –

An ABLE Account Owner who

- a) who works and
- b) does NOT have deposits made to an employer sponsored retirement plan - within that calendar year;

may contribute up to an additional **\$14,580 equal to their** employment earnings, or whichever is less, into their ABLE account. This amount is higher for residents of Alaska: \$18,210 and Hawaii: \$16,770 (2024 figures).

When is a good time to open an ABLE account?

Now!

- ❖ It's never too early nor too late to get started on your path to ABLE.
- ❖ You do not need to know all things about ABLE to get started.
- ❖ State plans have a minimal initial contribution requirement to open an account (\$0-\$50; Majority of plans are \$25)
- ❖ You can open an account online at any time of the day.
- ❖ If you are unsure about investing, you can open an ABLE account and choose to use the savings or checking option. You don't have to select an investment option.
